Protect what's yours.

# The true cost of auto theft goes beyond the simple loss of your vehicle.

If your new vehicle is ever stolen, and your insurance company follows common industry practices, they will likely only cover your vehicle's market value at the time of the loss. The limited coverage offered by your insurance company leaves you fully responsible for other expenses such as your insurance deductible, the interest on your loan, various fees, and sales tax for your replacement vehicle.

Fortunately, the Power Protect Theft Protection product offers you a theft deterrent system that helps to minimize your losses. You can take advantage of the Power Protect Theft Protection replacement benefit — up to \$5,000 — which could be applied toward the purchase of a replacement vehicle.

## Our proven system ensures peace of mind

- **Distinctive anti-theft warning window decals** used to deter theft
- **Vehicle marked with identification codes**
- **Up to \$5,000<sup>1</sup> Limited Warranty Benefit** if the Theft Protection product fails to prevent the theft of the vehicle, and either the vehicle is not recovered, or it is recovered but damaged beyond reasonable repair (availability may vary by state).
- **Transferable coverage** may add to the resale value of your vehicle
- **Choose the plan that's right for you**, with coverage options up to five years
- **Monthly payment option** if you include the product price within your auto financing

## Protecting your investment

The following illustrates how the Theft Protection Limited Warranty Benefit can cover outstanding out-of-pocket costs related to the theft of your vehicle:
